

## Easy-to-use content creation and management platform

Content authoring, managing and publishing tools built to enable amazing content

Stop relying on disconnected and outdated systems for content creation and management. Print-only, on-premise systems are holding back the ability to create engaging content for every channel

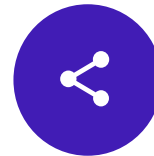

### DIGITAL FOCUS

Create visuals tied to your brand for the right look and feel

### SIMPLE & POWERFUL TOOLS

Deliver the right content at the right time

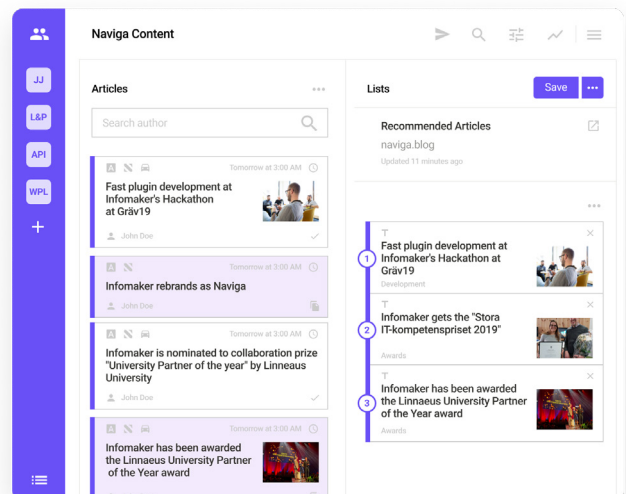

### MODERN, CONNECTED PLATFORM

Segment your audience to deliver customized engagements

## Focus on creating great content and leave the technology to us

Naviga's Content solution connects content creators to a powerful platform that enables authoring, enrichment, management and publishing. This cloud-based, software-as-a-service (SaaS) platform is more secure, reliable and scalable than legacy, on-premise systems. As the industry continues to evolve, the platform will be ready for you through continuous updates.
